Editing and Deleting a Model from the Library

Introduction

Zortrax Model Library is the collection of ready-made models, which have been uploaded by users of Zortrax printers. The Library is available within Z-SUITE and as a subpage at zortrax.com.

To gain access to the Zortrax Model Library in Z-SUITE, open the program and click on the “Library” tab on the top of the main screen. You will be automatically transferred to the page where you can see all the latest models and available categories. You can also look for models by using the search field.

Menu and Registration

The screenshot shows the Zortrax Model Library registration page. The browser window title is 'Z-SUITE'. The page header includes 'zortrax LIBRARY', a search bar, and a navigation menu with 'MY DEVICES' and 'LIBRARY'. A blue banner reads 'EXPLORE THE 3D WORLDS. #zortrax, #design, #contest2015'. The main content area is divided into two sections: 'Sign in' and 'Create a Zortrax Account'. The 'Sign in' section has fields for 'Username' and 'Password', a 'Forgot password' link, and a 'Login' button. Below these are links for 'SIGN UP WITH FACEBOOK ACCOUNT' and 'SIGN UP WITH GOOGLE ACCOUNT'. The 'Create a Zortrax Account' section has fields for 'Username', 'E-mail', 'Password', and 'Confirm Password'. It also includes three checkboxes for terms and conditions: 'I have read and agree to the Zortrax Library Terms of Use', 'I agree to put my personal data in a database...', and 'I agree to receive commercial...'. A 'Create new account' button is at the bottom right. The footer contains links for 'About Zortrax Model Library', 'Privacy Policy', 'Terms of Use', and 'Report bug', along with the text 'Powered by zortrax'.

To enter all sections and upload your own projects to the Zortrax Model Library, you need to create an account. Type in your login, e-mail address and password, and click “Create new account.”

Profile

The screenshot shows the Z-Suite web application interface. At the top, there's a navigation bar with 'File', 'Model', 'Support', 'View', and 'Help'. Below this is a header section for 'zortrax LIBRARY' with a search bar and a banner that says 'EXPLORE THE 3D WORLDS. #zortrax, #design, #contest2015'. The main profile section for 'RafalZortrax' includes a profile picture, a bio, and links to 'Poland', 'www.zortrax.com', and 'Private Message'. A navigation menu below the profile lists 'Projects', 'Collections', 'Notifications', 'Messages', 'Followers', 'Following', 'My Links', and 'Edit Profile'. The 'Projects' tab is active, displaying a grid of four 3D models: 'Flash diffuser', 'Heart', 'Z-Gadget', and 'Z logo'. Each model card shows the number of views, comments, and downloads. At the bottom, there are links for 'About Zortrax Model Library', 'Privacy Policy', 'Terms of Use', and 'Report bug', along with a 'Powered by zortrax' logo.

Once your account has been created, you can edit your profile by clicking on the "Edit Profile" button.

This screenshot shows the 'Edit Profile' form within the Z-Suite application. The form is located under the 'Edit Profile' tab in the navigation menu. It contains several input fields for updating user information: 'Current Password (required to update email or change current password)', 'Account Email', 'Change Password (leave blank for no change)', 'New Password', and 'Repeat New Password'. A 'Save Changes' button is at the bottom of the form. The background of the page remains the same as the previous screenshot, showing the Z-Suite interface and the user's profile information.

You can change your current password, e-mail address, profile name or add more information about yourself, such as your country or a short bio. You can also upload and set your own avatar.

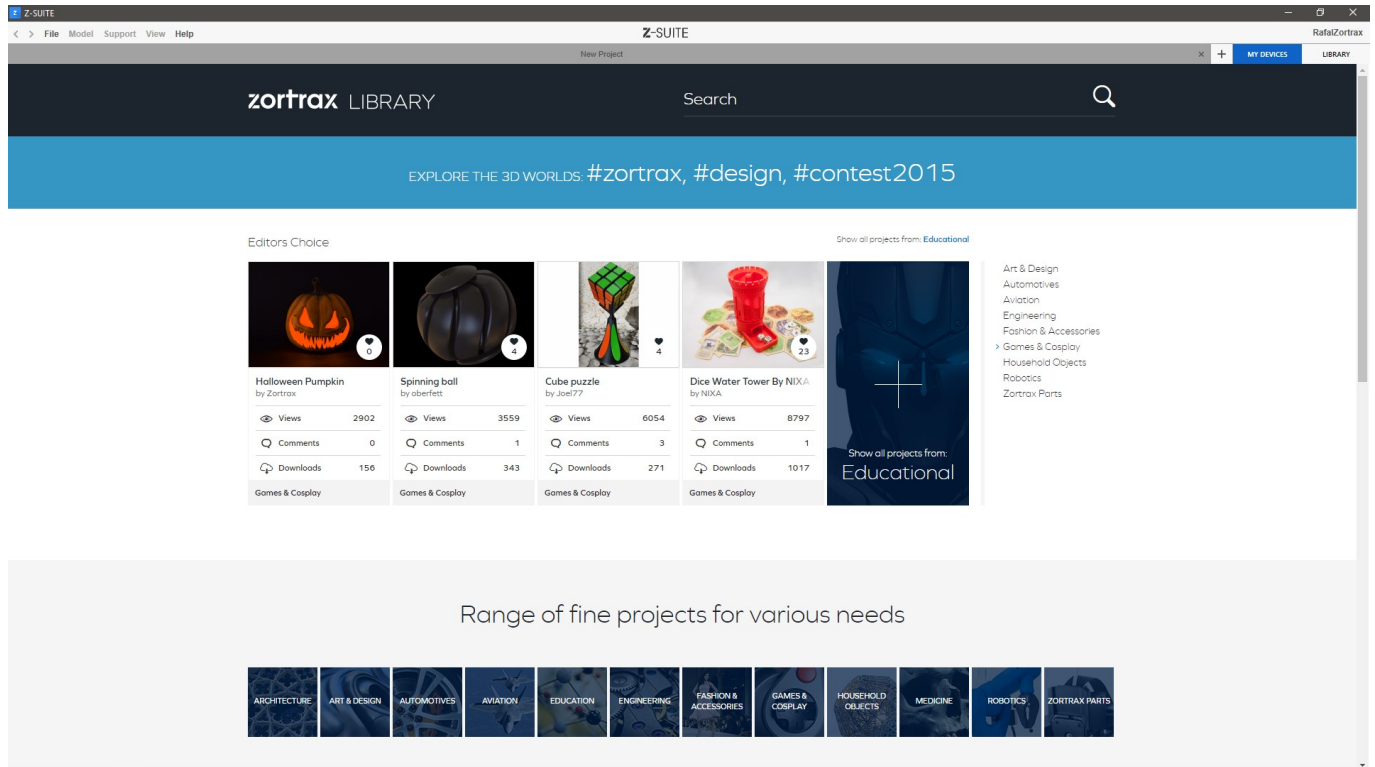

Adding your own Projects

The screenshot shows the 'Create new project' form on the Zortrax Library website. The form is divided into several sections: 'Project Name' with a text input field; 'Category' with a dropdown menu labeled 'Choose project category'; 'Source Files' with a large drag-and-drop area and a 'CHOOSE FILE' button; 'Description' with a large text area; 'License' with a dropdown menu labeled 'Choose license type'; 'Visibility' with a dropdown menu labeled 'Public'; 'Tags' with a text input field and a tip to separate tags with commas; 'Printed On' with a dropdown menu; and 'Used Materials' with a text input field. The top of the page features the Zortrax logo, a search bar, and an 'ADD PROJECT' button. A blue banner below the header contains the text 'EXPLORE THE 3D WORLDS #zortrax, #design, #contest2015'.

Adding your custom project is only possible at the web version of the Library.

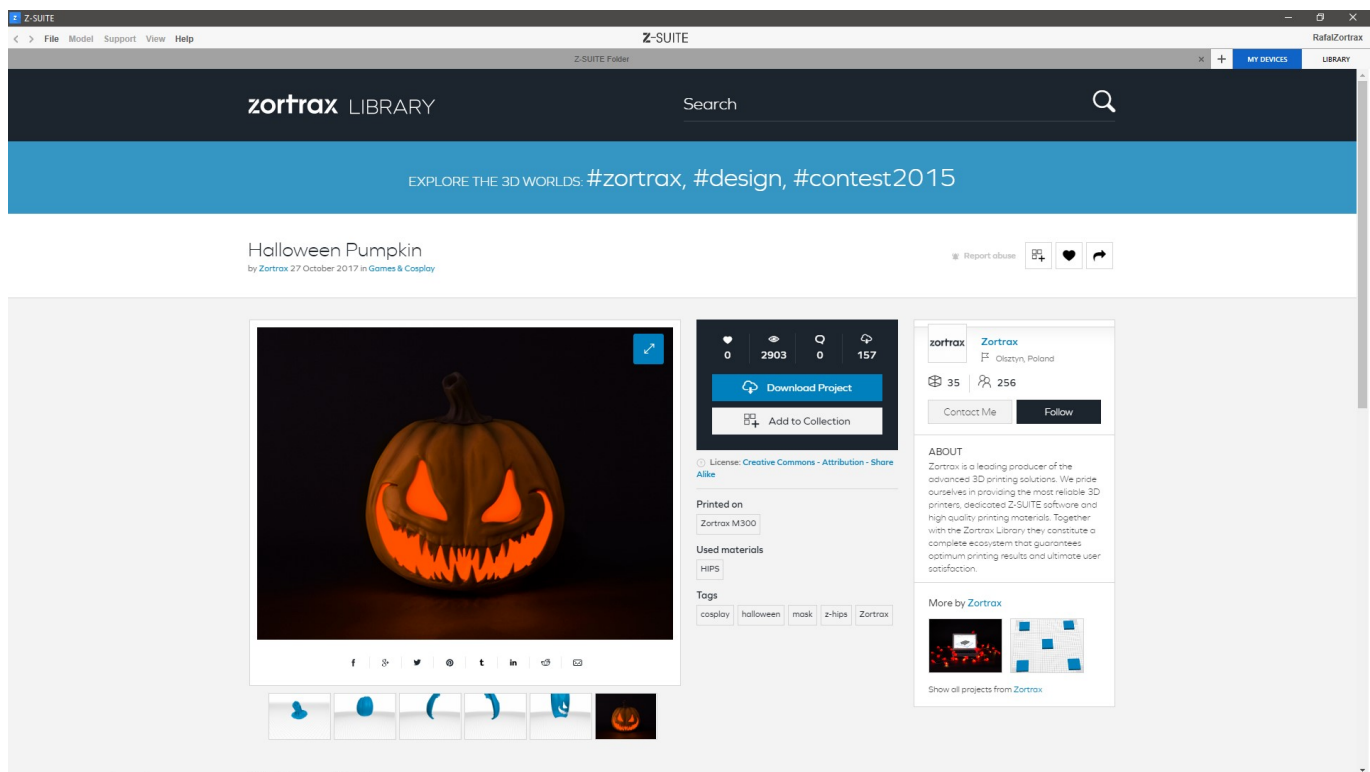

To upload a project, click on the “Add Project” button in the top right corner of the main screen. Then type in all the necessary information about the model, such as its name, category, tags, or a short description. Once you add the project, you can choose whether it will be public or private.

Exploring other Projects

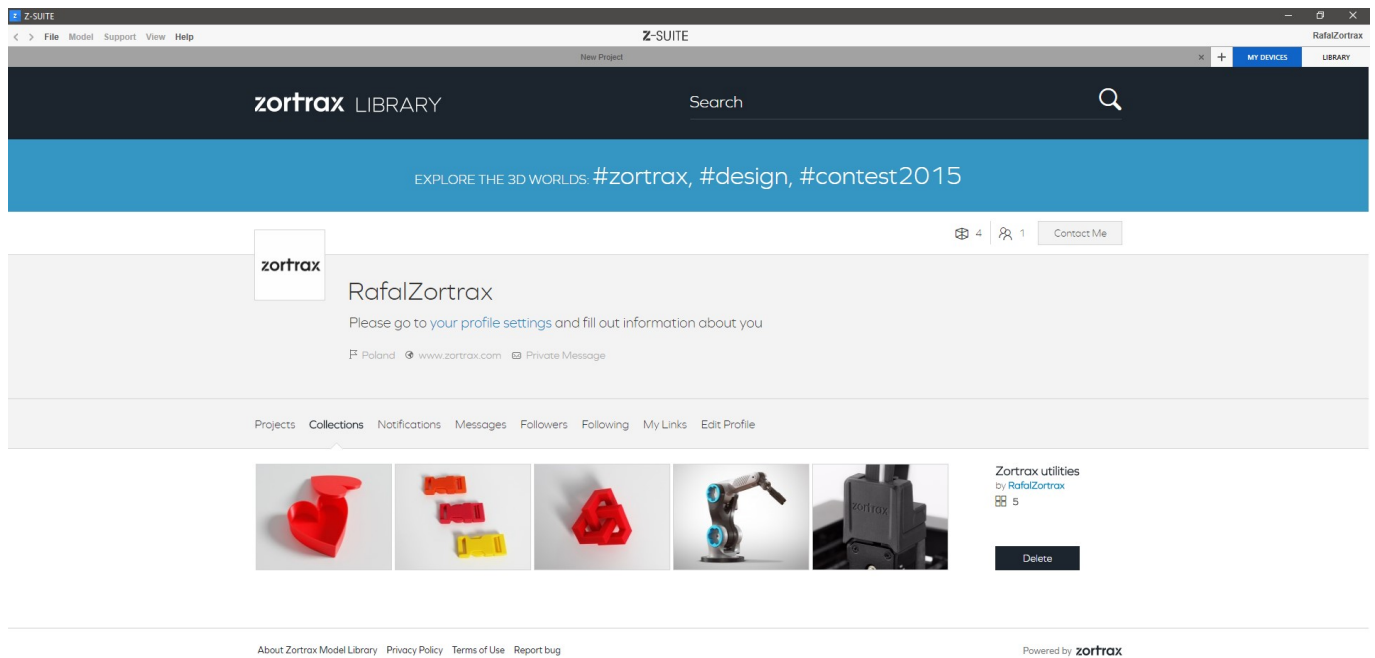

To browse through the available models, you have to open the main page of the Library. All projects are available in categories and collections. You can also use the search fields to look for models.

Apart from that, you can download projects, browse through the added files, or leave comments.

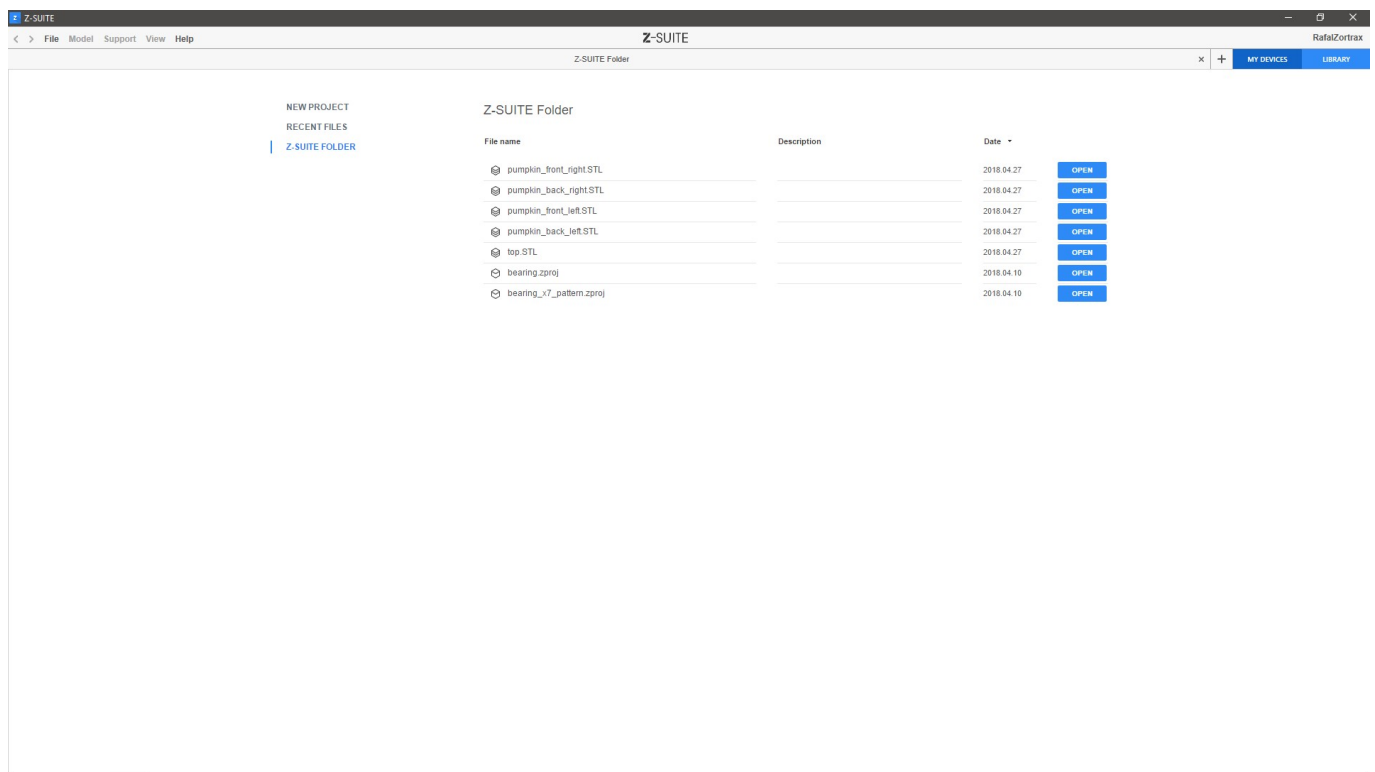

To download a project, open its page and click "Download Project." You can also save it by clicking "Add to Collection."

Local Files

All models that you've added to your collection are available in the "Collections" tab on your profile page. You can create several groups of models and name each group according to the type of models it contains, for example, Zortrax utilities.

All models that you've downloaded from the Z-SUITE version of Library are stored in the "Z-SUITE folder."

Editing and Deleting a Model from the Library

The screenshot displays the Zortrax Library web interface. At the top, there's a navigation bar with 'Z-SUITE' and 'RafalZortrax' tabs. Below this is a dark header with the 'zortrax LIBRARY' logo, a search bar, and a blue banner with the text 'EXPLORE THE 3D WORLDS. #zortrax, #design, #contest2015'. The main content area shows the profile of 'RafalZortrax' with a bio, location (Poland), website (www.zortrax.com), and a 'Contact Me' button. Below the profile is a navigation menu with tabs: 'Projects', 'Collections', 'Notifications', 'Messages', 'Followers', 'Following', 'My Links', and 'Edit Profile'. The 'Projects' tab is active, showing a grid of four project cards. Each card has an 'EDIT' button, a thumbnail image, a title, a subtitle, and statistics for Views, Comments, and Downloads. The projects are: 'Flash diffuser' (330 Views, 0 Comments, 13 Downloads, Engineering), 'Heart' (570 Views, 0 Comments, 120 Downloads, Medicine), 'Z-Gadget' (305 Views, 0 Comments, 33 Downloads, Education), and 'Z logo' (189 Views, 0 Comments, 16 Downloads, Art & Design). At the bottom, there's a footer with links to 'About Zortrax Model Library', 'Privacy Policy', 'Terms of Use', and 'Report bug', and a note 'Powered by zortrax'.

Project Name	Views	Comments	Downloads	Category
Flash diffuser	330	0	13	Engineering
Heart	570	0	120	Medicine
Z-Gadget	305	0	33	Education
Z logo	189	0	16	Art & Design

Click on the “Projects” tab to browse through your custom project you’ve added to the Zortrax Library. In order to edit or delete a project, click “Edit” and you’ll be redirected to the section where you can modify the project’s data or delete it permanently from the Zortrax Model Library.
